Dear Sir:

Two years ago we ordered sterling WCSR pins under factory number 138245-D. We now would like to order more of the same type of pin, but we would first like to know if the price for each pin is still \$ 1.25. We have to quote a price to our members.

We would appreciate hearing from your company about this as soon as possible so that we can place an order with you.

Very truly yours,

Camilla Davis
